

The Music Settlement  
OHIO CITY · UNIVERSITY CIRCLE

Dear Parent,

According to our childcare license from the State of Ohio, it is necessary to have a release on file before we are allowed to use any kind of wipes on a child. We have on the premises Huggies Natural Care Baby Wipes (*Alcohol and fragrance free*) which we would like to use on the children when necessary. We have found that they are helpful in cleaning a child after a toileting accident as well as wiping hands, etc. on the playground.

The Music Settlement has installed automatic hand sanitizer dispensers in the Early Childhood Building. These are intended for adult use only. We will not be using these with the children, according to licensing regulations.

Please initial next to the appropriate statement and sign below.

Thank you,
