

About The Music Settlement

Since 1912, The Music Settlement has connected people from all ages and backgrounds to celebrate and share experiences through the universal language of music. Our vision is to unlock the potential in everyone. Our mission is to inspire and welcome all to our music and arts community to learn, create, celebrate, and heal.

We ensure music and the arts are accessible to all through our generous financial assistance program and year-round enrollment at our historic east side campus in University Circle and our west side campus in Ohio City.

Our programs are delivered by exceptional faculty and music therapists in an environment that nurtures individual achievement and creativity, allowing students and clients to reach their full potential while developing a lifelong love of the arts.

We offer generous financial aid and scholarships so that all have access to our beneficial arts-infused programming. We also welcome and encourage all members of our community to get involved with TMS in a variety of opportunities: as volunteers; attending recitals, performances, and events; and through gifts of support.

Center for Music

Our Center for Music delivers first-class music instruction in a variety of musical styles in private lessons, ensembles, and performance opportunities to students of all ages and abilities. Programs and courses are designed based on the needs and interests of the community.

Center for Early Childhood

Focused on children from 3-weeks through six years of age, our Center for Early Childhood is a top-rated 5-Star "Step Up To Quality" school that infuses music and the arts in Preschool, Kindergarten, and summer camp programming.

Center for Music Therapy

Our Center for Music Therapy utilizes music-based interventions to impact the lives of children and adults living with a variety of challenges. We are the first community organization to offer clinical, preventative, and supportive services focused on the healing powers of music on a large scale.

Bop Stop

Owned and operated by TMS, Bop Stop is a live music and performance venue in Ohio City. In addition to presenting live music, Bop Stop hosts private events and fundraisers to support local schools, organizations, and other arts and culture initiatives.

Welcome!

Afi Odelia-Scruggs
TMS Creative Aging Department Head

A warm welcome to everyone here. The Music Settlement is the first area program dedicated to providing creative opportunities to life-long learners. We have a place for you, whether you're a beginner or experienced.

Our Creative Aging Department is dedicated to providing music, movement, and community to adults of all ages and skill levels. Discounts and financial aid are both available to those who qualify.

By 2030, 20% of the nation will be 65 and older. By 2034, more Americans will be over 60 than will be 18 and under. Yet most art programming ignore this demographic. Creative Aging recognizes and provides artistic and intellectual stimulation for this growing demographic, as well as offering social engagement that promotes wellness. I hope you will join us for future programs as we continue to build community together!

BENJAMIN ROSE *Rose on the Go*
Benjamin Rose Institute on Aging

Let's rethink aging. Rose on the Go (ROTG) is an initiative of Benjamin Rose to redefine and expand how we engage older adults in our community by providing experiences for them in their own communities. ROTG provides opportunities for older adults who want to engage within the broader community and with those who share similar life experiences. ROTG is not simply an extension of our current senior centers location throughout Northeast Ohio, but a way to create a more vibrant community for aging adults by providing opportunities to stay active, engaged and mentally stimulated.
