## CENTER FOR MUSIC

### Social Contract

At The Music Settlement (“TMS”), the safety of our students, families, and faculty is our number one priority. As the COVID-19 pandemic continues to evolve, we are actively monitoring the situation closely and will periodically update Center for Music (“CFM”) students and families regarding our practices and policies based on current recommendations and as they continue to evolve from the Centers for Disease Control and Prevention (“CDC”) and the State of Ohio. *As such, this document is subject to change.*

As we carefully re-open our campuses, we have created a community of personal behavioral expectations for all who participate in CFM programming – a **social contract**.

Minimally, we expect everyone to follow the latest guidelines from Governor DeWine: Ohioans Protecting Ohioans Urgent Health Advisory. We agree that individual actions are an important part of keeping everyone healthy.

For the TMS Center for Music, that includes the following:

- 9 students and 1 instructor recommended for most group sessions. In large rehearsal rooms, up to 16 students and 1 instructor.
- All adults and students ages 5 and older will wear face coverings.
- All TMS students and employees will follow social distancing guidelines, including the frequent washing and/or sanitizing of hands.
- All students and employees will undergo temperature and symptom screenings upon arrival daily. All with a fever exceeding 100.4 degrees F will be respectfully denied entrance to our campuses.
- People (employees, family members and students) with suspicious symptoms should stay at home and will not be permitted into TMS buildings or programs. Symptoms include, but are not limited to; fever, cough, sore throat, respiratory illness, difficulty breathing, chills, body aches, fatigue, loss of taste/smell, eye drainage, and/or congestion.
- Only critical visitors are permitted in TMS buildings. This includes people such as emergency responders, pre-approved IT, maintenance crew, and contractors. All will be required to be symptom-free, wear masks and respect social distancing rules.
- TMS will not be holding events or social gatherings.
- There are no restrictions to travel or returns to Ohio, though unnecessary travel within or outside of Ohio is discouraged. All travel shall be disclosed by the families to TMS Administration before resuming programs.
  - Families and staff who go on vacation are expected to follow Ohio and CDC guidelines during their travels.
  - Employees and students will observe a 72 hr. quarantine upon return to Ohio, prior to attending TMS programs. Anyone who travels to/from “hot spots” or any of the countries listed on the CDC’s website (<https://www.cdc.gov/coronavirus/2019-ncov/travelers/map-and-travel-notices.html>) will require a period of quarantine following return to home.

**Before students and families return to TMS, they will complete the questionnaire on the next page.**

**Center for Music Questionnaire for Students and Families Returning to Campus**  
**Please complete this form and email it back to [Music@TheMusicSettlement.org](mailto:Music@TheMusicSettlement.org), or drop off at the Enrollment and Customer Service office PRIOR TO YOUR FIRST LESSON OR CLASS.**

To prevent the spread of COVID-19 and reduce the potential risk of exposure to our TMS community, we are conducting a simple screening questionnaire. Your participation is important to help us take precautionary measures to protect you and all students, families, and employees.

TMS **WILL ALSO** perform daily symptom screenings for all students and employees. *If the person being screened for a temperature has taken any fever reducing medication in the last 24 hours, please inform TMS Administration first.*
